

Maple Class Topic Projects - Autumn Term

To be in school w/c **MONDAY 30th November 2015**.

We will be presenting the projects throughout the week so all projects should be in school by **FRIDAY 4th December 2015** so as to display for families in Celebration Assembly.

Children must complete **ONE** task but are welcome to do more if they would like to.

DT Project

Our focus is upon World War II and the part that Lincolnshire played in this.

Create a shelter that could protect you during the air raids. It needs to be protective and easily hidden.

It could be based on a shelter that was used during the war, or one you have designed yourself.

Creative Project

Create an evacuee suitcase.

This can be presented in any way you wish.

It must include only the essentials and things from the 1940s, so no X Box or mobile phone!

History Project

Create a poster or timeline to show the events of World War II.

Try and think "outside of the box" with this. How can you make it interesting for your audience? Could you use technology? Interactive flip boxes?

Literacy Project

Write a short story or diary based on World War II.

You could imagine you are an evacuee and write a story of your adventures or keep a pretend diary of how you felt leaving home.

OR

You could be a pilot of one of the Lincolnshire Dambuster planes.

Think about the words and punctuation you use to make sure your reader is interested throughout your writing.

Can you add some illustrations too?

Parents / Carers, can you please sign and return this slip to **Miss Gray**.

I am aware that my child has this homework project and needs to spend approximately 6 hours on the work; also that the project should be in school by **FRIDAY 4th December 2015**.
